Fish & Chips Baby Jumper

Newborn babies, many suffering from Aids, are being called "Fish & Chip" babies because many are sent home from hospital wrapped in newspaper for warmth. In order to assist these tiny babies we are asking you to knit a small jumper which will be sent to Africa to keep little children warm. Average knitters can complete a jumper in an evening. It's an easy, quick pattern.

SPECIAL INSTRUCTIONS

No pastels or white please, as these garments may never be washed. Bright and mixed colours are best or stripes. **Knitted All In One**

Bonding Squares

Bonding Squares are knitted in matching pairs. One square is placed with a premature baby and another is worn against the mum's skin, then the squares are swapped round every 12 hours or every time mum visits. Many Neonatal Units are now using them. They help with the bonding of a premature baby in an incubator and the baby's mum. The baby can smell mum's scent even when she isn't there or wasn't able to get him out of his incubator, and then when she goes home, she can still smell the baby's scent on the square, which is a big comfort. In addition, many mums find that it really helps with expressing breast milk. Keeping the scent of the baby close by triggers the hormones needed to produce and express milk, which is very important as breastfeeding can be difficult for mothers with premature babies.
